Diagnostic Assessments

Diagnostic Assessment Forms (completed by students and assessed) (OPT)

Note: a diagnostic assessment is a further skills test which is given to a student, if required, after the initial assessment and after they have started the course. Its aim is to provide the teacher with further information about the student's skills, as well as to test for special learning needs, e.g. a dyslexia need. Various diagnostic assessments are available, but at present there isn't one included in this pack.
